THE ONLI-WA FIXTURE CO.

DAYTON, OHIO, U. S. A.

## Onli-Wa Display Fixtures

After fourteen years, from a very meager start in the manufacture of wood display fixtures, the ONLI-WA Line today ranks among the leaders of the field. All fixtures are designed from the practical and useful standpoint of the display profession, **and manufactured in our own factory**, under the strictest supervision of men who have given their entire life to high-grade construction and quality workmanship; using only the most thoroughly kiln dried lumber, selected for quality-built fixtures.

### Construction

All bases are weighted where necessary. All standards are equipped with the latest improved fitment of solid brass, known as our TITE TOP FITMENT (See Page 4 for illustration). No other fixture made has this feature, which holds the top Tite after years of use. **NO BOLTS OR THUMB SCREWS TO GET OUT OF ORDER.** All tops are interchangeable making ONLI-WA FIXTURES adaptable to all uses in displaying the largest variety of merchandise at a minimum of expense. We guarantee full satisfaction to the users of any ONLI-WA FIXTURES.

### Finish

ONLI-WA FIXTURES are finished in the most modern equipped plant in America, using only the highest quality of materials obtainable, and sufficient numbers of coats to insure entire satisfaction. **ONLI-WA FIXTURES will not Sun or Heat Blister**, or turn white when scratched or marred. We will, at all times, match your fixture with your background or any special finish desired, if furnished with a sample. Our stain and finish will not fade in the sunlight.

### Twenty Standard Finishes and Enamels

Solid Mahogany  
Brown Mahogany  
Cherry Red Mahogany  
Dark Red Mahogany  
Medium Red Mahogany

Natural Oak  
Golden Oak  
Dark Oak  
Weathered Oak

Solid American Walnut ✓  
Italian Walnut  
Circassian Walnut  
Quartered Gum Wood  
Natural Gum  
Antique Solid Walnut

Fumed Oak  
Early English Oak  
Green Oak  
Gray Oak

### LACQUER ENAMEL FINISHES

Ivory Enamel  
Old Gray Enamel  
French Gray Enamel  
Sand Color Enamel

Blue Enamel  
Black Enamel  
White Enamel  
Rose Enamel

and any other colors desired

Above finishes can be obtained on Solid Walnut, Solid Mahogany, Quartered Gum and Oak.

# Onli-Wa Display Fixtures

All enamel finishes used on Quartered Gum Wood. Quality of finish furnished on all lines, regardless of price, is the same. We have only one Standard finish, that is the BEST. Any combination of colors carried out according to desire.

## Important in Ordering Fixtures

We have made our catalog as simple as possible for anyone to order direct by mail if desired.

To avoid delay the following should be carefully noted:

Specify the Lot Number of the Base and Standard as illustrated on Pages 4 and 5.

Select the Styles of Tops desired from Pages 6 to 11, as all tops are interchangeable.

Bases and Standards are priced separately from tops; thereby giving you your own selection of tops desired.

When ordering tables or other fixtures to match, take the same Lot Number of table as listed for Base and Standard found in the catalogue under the name, as Colonial, William and Mary, etc. Tables, etc., should be ordered according to Lot Numbers found under the cut in the catalogue, as 814-A, etc.

Always give size of table top and height desired.

Special sizes of tables other than listed will be made to your order, and priced accordingly. All fixtures are made special to order, and we **cannot accepted cancellation** on orders already started through our factory.

## Shipments

Shipments will be made by Express, collect, unless otherwise specified.

When goods are damaged in transit, the carriers should be notified at once and claims filed for such loss or damage before being placed in stock, as special care is used in packing fixtures and after they are accepted by the transportation company in good condition, they must be **held liable for all damage, concealed or otherwise.**

## Terms and Conditions

Orders received from concerns unknown to us or without satisfactory rating, should furnish satisfactory reference or send check with order.

All goods shipped F. O. B. Factory.

No merchandise accepted for return or credit without our consent.

Terms 2% 10 days, net 30 days.

Prices subject to change without notice.

ONLI-WA FIXTURES are designed and manufactured to meet every requirement in Window Display Work

### FIT TITE TIP

Top always Fits when this is used

This is our new Tite Top fitment being used on all our fixtures. It insures without any inconvenience to the display man that which has never before been in use. This all brass top is slotted to form a spring that will take care of all the wear on the hole of the tops without the inconvenience of thumb bolt and screw. It is fool proof, nothing can get out of order. Can be adjusted to any half-inch hole by inserting a knife blade in the slots, using a small hammer to push the blade down into the slot, spreading to desired size of hole wanted. Use it and be convinced.

To get the best results from miniature fixtures, we suggest that you select the quantity of the different heights, bases and up-rights; also order a selection of different tops to be used for the variety of merchandise you wish to show, as all tops are made interchangeable. Bases and uprights are listed in the price list separately from the tops, making your selection easy. The small numbers indicate the style top.

## Metal Display Fixtures That Are Real Selling Factors

Every display Fixture in our large and versatile line is built around this thought—that our Fixtures must become real selling factors that will more than pay their way wherever they are used.

Every detail of construction is handled by specialists in their respective lines, for we manufacture nothing but Display Fixtures. Many of our men have been with us for years. Some of them have grown up in the business, and take an unusual pride in the quality of product they turn out.

See description on Page 56.

We feel that the lines contained in this catalog are adequate to handle almost any merchandising requirement.

However, if you have some unusual problem that requires something special, we will be glad to assist you in determining just what is needed, and build the fixtures for you.

### General Specifications

Fixtures composed partly or wholly of steel, and all fixtures having cast iron bases, are furnished ONLY in Nickel, Monumental Bronze, or Oxide Copper Finish.

Fixtures which may be furnished in the BRUSHED or the POLISHED BRASS finish are Solid Brass Stands. These fixtures can also be furnished in the Nickel, Monumental Bronze, or Oxide Copper Finishes.

When Nickel, Bronze, or Oxide finishes are specified, we will furnish fixtures composed partly or wholly of STEEL.

Racks are furnished in Monumental Bronze, or Oxide Copper only. All heavy cast iron bases finished in Black Enamel.

Standards are cut in the following lengths: 6 in., 10 in., 15 in., 20 in., 24 in., 30 in., and 36 in. If odd sizes are ordered, additional charge will be made. By length of Standard is meant the actual measurement of the Standard itself. This does not include the height of base or top.

## A New and Better GARMENT RACK

No. 3948-A

Brown Enamel.....\$17.50  
Oxidize Copper..... 18.75  
Statuary Bronze..... 20.75

THE Underslung is the better garment rack — for less money. What other rack offers such sterling qualities at anywhere near the price? See the exceptional features incorporated in this big bargain.

There are **rubber-tired wheels** that add to the looks and furnish a free-rolling motion. The Base is a new, **improved non-tipping style**—very popular. Garments are better displayed and a good portion of the rack is hidden, with the **new style top**.

Only large quantity production can account for the low price. The quality is there.

The Underslung is a sturdy rack, 66 in. to the hanging rail, and is furnished complete with a strong 7x11-in. card frame. A fine Statuary, Brown-baked enameled finish is supplied. It is long lasting and beautiful.

## The Underslung

## Revolving Racks

No. 3923-A

### REVOLVING RACK

The favorite rack for large displays. Slides on easy-rolling casters. Top revolves without noise. Finished in oxidized copper, with base and upright baked black enamel. Hanging rail is 66 inches from the floor. Complete with card holder. Price \$20.00 each

No. 1-RD

### REVOLVING RACK

Base weighs 43 pounds, spread 30 inches. Equipped with heavy double roller bearing casters. Standard of  $1\frac{5}{8}$ "x14" gauge steel tubing. Ring of  $\frac{7}{8}$ "x16" gauge steel tubing, has 30-inch spread, and is supported by four heavy cast arms reinforced as per illustration. Ball top supports 7"x11" closed card frame of spot-welded construction. Ring revolves freely on standard, and will carry 300 pounds in weight. This is one of the best racks on the market. Construction guaranteed. Base finished in black enamel, all other parts oxide copper. Height over all, 90 inches. Shipping weight, 75 pounds. Burlap wrapped. Price \$24.00

No. 3934-A

### ADJUSTABLE REVOLVING RACK

Height adjustment from 54 to 72 inches makes this a practical rack for many classes of merchandise. Upright and tripod bases are finished in baked black enamel; balance in oxidized copper. Complete with card holder. Price \$17.50 each

ALWAYS ORDER BY NUMBER AND GIVE FINISH DESIRED

# Costumer Racks

For Clothing and Ready-to-Wear Depts.

## Waist and Garment Rack

No. 12-RD Rack

Base weighs 20 pounds and has spread of 23 inches. Heavy cup point machine screws hold standard securely in upright position in base. Standard  $1\frac{1}{2}$ " diameter by 16 gauge by 5 feet in length, of Mohegan steel tubing. Heavy cast polished ornamental top casting revolves easily in standard and holds cross bar, 23 inches over all, of 1" by 14-gauge steel tubing. Parallel cross bars 24" spread, also constructed of 1" by 14-gauge steel tubing, and have expanding ball fitments in ends of cross bars. Card Holder 7"x11". Finished in Oxidized Copper or Monumental Bronze, as ordered. Bases sprayed Black Enamel.

Price \$19.00 each
